

## **Lecture by Prof. Sudhakar Panda, Director, IOP Bhubneshwar**

Internal Quality Assessment Cell (IQAC) has initiated a series of lectures on the topics on which Nobel Prizes have been awarded to create awareness among the students and faculty members. The first lecture of this series had been delivered by **Prof. Sudhakar Panda** of HRI Allahabad in Physics section on **25<sup>th</sup> November, 2013 in the Physics Department auditorium at 10.30 a.m.** As this year Nobel prize in Physics has been given for the discovery of Higgs Particle, the title of the talk was **“The saga of Higgs Boson”**.

The lecture has been attended by nearly 130 students and faculty members attended the lectures. Hon’ble Vice – Chancellor has presided the function. The interactive session after the lecture was very fruitful and the UG and PG students have participated in large number.
