Career opportunities in AttainU

At AttainU, we are a mission-oriented company working towards solving higher education for 200 million Indians. The unemployability problem exists because of the training gap between colleges and industry. We provide online, high-engagement placement-oriented courses in coding and other domains. Our courses focus on both technical and soft skills to ensure that our graduates not only bag the premium jobs but also have high-growth careers. All our courses are beginner-friendly and take students from basics to domain experts. The team behind AttainU is from IIT Bombay, BITS Pilani, and includes former employees from Google, Uber, and GeeksforGeeks.
