Webinar 2 Report

To survive beautifully amidst the environment of uncertainties due to lockdown scenario in India, Shri Guru Nanak Girls Degree College organized an international Webinar under the aegis of Counseling and Placement Cell of University of Lucknow on May11, 2020, at 12:00 Noon. The topic of this webinar was “The Pathway to happiness-A practical approach”. Speaker for this webinar was Prof. Anil Mishra from Department of Chemistry, University of Lucknow. This webinar was attended by around 1300 participants from all around the nation and outside.

In inaugural session the Principal of Shri Guru Nanak Girls Degree College Dr. Surbhi G. Garg welcomed Prof. Madhurima Lall, Director, CPC, University of Lucknow; coveted Speaker Prof. Anil Mishra, Department of Chemistry, University of Lucknow; Ex-Pro Vice Chancellor Prof. A.K. Sengupta, University of Lucknow and several participants from various colleges and industries. After her welcome address she invited Prof. Madhurima Lall to address the coveted gathering who gave her best wishes to all the participants, students and staff of SGNGDC College.

After the inaugural session, speaker Prof. Anil Mishra shared his valuable views on chemistry of happiness. He said that the meaning of happiness has become much skewed amidst the COVID19 Pandemic. It is very essential to protect yourself and be supportive to others. Feeling pressure is quite normal in this current situation, but managing your mental and psychological health is as important as managing your physical health. The most common emotion faced by all is “fear” so one should have “Faith” and should Smile more. He further added that to cope up with this situation we need a proper strategy, engage in physical activity and stay in contact with family and friends. He said we can control our thoughts, feelings and actions by some easy practices such as conscious breathing which is the simplest form of meditation. He said that happiness is not lost and the key to finding it during this time is not through social distancing but rather through distance, socializing and at last he said, you are the person most likely to know how you can de-stress and keep yourself happy.
