Department of English  
and MEL

The essay competition, held on October 23, 2024, in the Happy Thinking Laboratory at the ONGC Building, was organized by the Happy Thinking Laboratory (HTL) and the Counseling & Guidance Cell (CGC) in collaboration with 'Lok Bharthi.' The event aimed to foster creativity and critical thinking among students at the University of Lucknow. Participants were encouraged to express their ideas on "Rivers and Human Civilization," (NadiyanevamManavSabhyata) examining the profound impact of rivers on human

development, culture, and sustainability. The competition aimed to enhance awareness of the crucial role rivers play in shaping human history and culture. Additionally, the event provided a valuable opportunity for students to improve their writing skills and express their ideas more effectively.

Conveners of the event together, Dr. Vaishali Saxena and Prof. M. Priyadarshini exemplify a collaborative approach to student engagement, blending guidance, creativity, and critical inquiry. Their leadership in the event not only contributes to the academic growth of students but also enriches the cultural and intellectual landscape of the University of Lucknow.

Doctoral research scholars Mrs. Aisha Zaheer and Miss Chetna Singh were responsible for invigilation during the essay competition. To ensure the program ran smoothly, technical support was provided by Mr. Kartavya and Miss Nisha. The essay competition successfully engaged students in exploring the vital relationship between rivers and human civilization. It

fostered critical thinking and enhanced writing skills while raising awareness of environmental issues.

Dr. Vaishali Saxena and Prof. M. Priyadarshini expressed sincere gratitude to the Honorable Vice Chancellor Sir, Prof. Alok Kumar Rai sir, Lok Bharthi for their association, Coordinators, all participants, and organizers for their collaborative efforts that contributed to the event's success.

The results will be announced shortly after the thorough analysis of the exam sheets. This process will ensure that each submission is carefully evaluated, allowing us to recognize the outstanding contributions of participants accurately.
